

Student Assignment

Standards for student assignment in all classes

- Classroom populations will not exceed the state class size cap except under the circumstances described below:
 - Temporary exceptions to the class size cap rule may be made in order to provide an appropriate assignment to a student newly enrolled in the school.
 - Permanent exceptions to the class size cap rule may be made after meeting with all the teachers for the appropriate student level and topics to discuss student needs and possible solution and after determining that no reasonable alternative will meet the students' needs.
- Class schedules will be screened to avoid severe disproportions by race, gender or students with nearly similar or identical names.
- Teachers will be provided some avenue to petition for a student to be reassigned if the teacher and student have irreconcilable personality differences.
- A Resource Room will be used to supplement learning for students with special needs and will coordinate closely with classroom teachers to facilitate modification and special accommodations for students with an IEP.
- Students will be assigned to a **homeroom** Teacher Advisement Program (TAP) group according to **principal** council direction.
- ~~• The Marion County High School TAP program will be used to enhance learning of students, review service learning hours, implement/review ILP/IGP, review individual student data and other items as directed by council, principals and/or counselors.~~
- ~~• The SBDM council will create a minimum threshold of students with special needs that will require an in-class collaborator.~~
- ~~• Resource Room teacher assignments will be posted block by block to aid coordination.~~
- ~~• Students who are 16 years of age or older will be put into GED courses if and only if they will not be successful in a regular classroom setting.~~
- ~~• Dropping Class Policy (adding on to current policy) After school begins consideration for dropping a class will be given at the first progress report (20 days) for 18 week classes at nine weeks point for 36 weeks class. Before a class can be dropped the teacher and principal must be in agreement; then after 9 weeks transcript will reflect with WP—withdrawn passing; WF—withdrawn failing.~~
- **Students may not drop or add courses more than 14 days after the last day of the prior year's school year, with the exception AP and Dual courses (refer to AP and Dual credit policy). All written requests will be referred to the Leadership and scheduling committee.**
